1. What is your complaint or concern in this case? *The complainters are joint customers of the Company that is the subject of this proceeding (proceeding). (This section may be completed, attach additional information if necessary.)

My husband and I are customers of Dominion Energy.

2. Please give a concise statement of your problem. * (This section may be completed, attach additional information if necessary.)

We are protesting Dominion's rate increase. We were Dominion Energy customers with many years in Virginia, and they were constantly trying to raise rates there as well. Luckily, Virginia's Public Service Commission rarely approved their proposed rate increases.

In SC, we were told we would get a one-thousand dollar check when Dominion took over. As I understand it, we got a temporary rate decrease instead. We never had a voice in that decision to get a rate decrease instead of the check. It's good that we now have a say. During a pandemic is definitely not the time to raise rates. I think it's understandable that a profitable company, with well-paid executives, would propose raising rates during a pandemic. May the people of SC win this one.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

No, I do not wish to make an appearance.
